For prices of services and levels, please consult the FAQ on the website. Shipping is included to the Grader and back to the store. The declared value must be an accurate valuation of the card. The service you choose may bump of the level if for example you send in a card valued at 2000\$ as the PSA Value option, it would be bumped up to the appropriate option. You are responsible to pay the service fee that is required by the grading service and Out of the Box Sports Cards & Collectibles Inc. cannot be held responsible for a service upgrade.
